Most King Videocable Customers A

WHAT WILL THE NEW CA

Your next King Videocable Company cable bill will reflect some changes in rates, program service tiers and equipment charges. Subscribers with more than one TV hooked up to cable will be especially pleased to see that those rates are dropping.

Starting September 1, some subscribers will see an immediate savings in their cable bills. The savings will vary depending on the exact program service packages you receive, the number of TV sets connected to cable, and the type of equipment you use (like converter boxes) to receive cable service.

Please take a few minutes to examine the information and new channel lineup we've provided. Then keep this literature as reference to help you understand your next cable bill. **You don't need to call us to continue receiving your existing services.** If you do have questions, our customer service representatives will do their best to answer them. But please be patient; our phone lines may be busier than usual during this hectic period of change.

How Did We Arrive At The New Rates?

Formulas for setting new rates were established by the Federal Communications Commission (FCC), the government agency responsible for re-regulating the cable television industry under the new Act. This has resulted in revised cable subscription and equipment rates, and new cable channel packages.

Now There Are More Choices Than Ever Before!

We've also made some additional changes, such as renaming the service packages available to you.

■ **Limited Basic** has fewer channels and is now called **Lifeline**.

	OLD RATE	NEW RATE		OLD RATE	NEW RATE
Basic	\$ 9.95	\$ 9.26	Installation		
Basic Plus	\$13.40	\$10.95	New Connect		
WGN, WTBS,	n/a	\$ 9.95	Underground	\$39.95	\$56.00
TNT, Nashville		\$ 9.95	New Connect		
Remote Control <i>most addressable</i>	1.25	\$.53	Aerial	\$39.95	\$42.00
Converter	\$ 2.50	\$ 1.48	Reconnect	\$39.95	\$28.00
Additional TV's	\$ 4.00	No Charge	Add'l. TV's

H2O	10.95	10.95			

SEPTEMBER 1

re In For Some Pleasant Surprises

BLE ACT MEAN TO YOU?

- **Cable Channels** is now called **Basic**.
- A new **A La Carte** option now lets you choose just 1 or up to 4 channels in a package called **Expanded**.
- **Premium Plus** lets you get premium channels on additional TV sets at greater savings than ever before.

Please refer to the enclosed Channel/Rate Card. This provides detailed information on all of these changes.

Your cable bill will continue to separate (and list separately) the charges for cable equipment and service packages. **This is a requirement of the new law.** Customers who have previously received a regular monthly credit for the converter installed on the first television because they subscribe to a premium movie service or use Pay Per View services will no longer receive that credit for equipment. All customers will now see converter equipment listed separately. *Remember, you do not need to call us to continue receiving your existing cable services.* We will automatically bill you for the service packages and equipment you presently have in your household.

An Up Side. And A Down Side.

Many of our customers will benefit from these changes with lower rates and everyone will have the benefit of more service options. The new rate structure gives many subscribers some **new advantages**:

- **Lower prices** for some cable customers.
- **Greater choice** in entertainment with A La Carte channel offerings.
- **Savings** on additional TV sets hooked up to cable service.
